Hi Douglas,

I accepted your changes. Thanks for finding those. I will leave the other "tracked changes" as is so Jill can see what has been added.

Thanks Valois: I retitled the attached Word file as I had three minor edits on the first and second pages. Otherwise, I would like to send this to Jill Dean to request funding once Bruce has reviewed/edited it and we have an updated version to send her.

**Subject:** Updated Performance Work Statement for Cadmus to work on 2019 public comments

Douglas and Bruce,

Attached for your review is the updated Performance Work Statement that includes the new Task 4 for organizing 2019 public comments and updating the response to comments framework document. The new language is shown as Tracked Changes to make it easier to find in the document. The list of documents I would send Cadmus to begin work on Task 4 is on page 11. I can send most of the documents to Cadmus right away.

I have also attached the Independent Government Cost Estimate based on the hours needed for the 2017 work with a few extra hours added to update the response to comment document. I estimate 500

hours will be needed, resulting in the need to add \$49,555.09 to the existing WA. However, if Cadmus responds back with more hours allotted to the P4 level, the cost will increase. I hope that most of the work can be done at the P1 level, like last time.

Please let me know if you identify any edits that need to be made to this PWS.

Thanks!
